

Supply Chain Solutions

Global Logistics can be complex and our clients want a partner that manages the entire process without handing it off to another provider.

Rockfarm Global Distribution and Logistics are experts in international trade. Our team manages the process from origin to destination and all of the points in between. We have NVOCC, OTI, CHM and IAC licenses.

Working with your business through the shipping process, we ensure that you are in compliance based on your specific requirements. With our experience and certifications, we help you navigate the appropriate regulations and laws.

We are a licensed NVOCC, in addition to OTI, CHM and IAC licenses. We are also C-TPAT certified and a DOD permitted freight forwarder.
